

GUARDIAN INSTRUCTIONS / YOUTH GROUP

Welcome to Tallink Silja! We hope that all our passengers enjoy their sea voyage on our ships. The enclosed instructions are there to ensure the general order and safety. Read the instructions well before the trip!

The group and the guardian form a team, and as the “skipper” of this team the guardian represents the entire group. It is important that the guardian knows his/her group and they know him/her. The person acting as a guardian needs to perceive that this is not only a formality but a responsible task. We thank you for co-operation –it ensures a successful trip for all!
